YMCA Child Care Center

Thank you for your interest in the YMCA Child Care Center where we believe in promoting and maintaining a healthy and safe environment for your child to learn, develop and thrive in. From infants to our pre-school children, it is not just about what we teach but how we teach children. Our qualified staff fosters social, emotional, physical and educational learning opportunities daily. These opportunities include music, art, dramatic play, sensory exploration, fine and large motor skills and physical activity. We believe in creating programs that strengthen the community such as our collaboration with the Onalaska School District to provide Pre K within the center walls.
